

Hatemaalo Agricultural Cooperatives:

Chairperson: Rajman Chaudhary (Baidhya)

The establishment of the cooperatives was on September, 2008 AD. Since the establishment, there were 25 share members. At one point of time, the cooperative was in the condition of being terminated by division cooperative office due to less capital amount of Rs.36, 000. At that time, KISAN project provided technical support to the cooperatives and started facilitating in linking farmer groups with the cooperatives. KISAN and the Hatemaalo Agri. cooperatives made an agreement stating all the members of farmer group of KISAN (4 VDCs of Bardiya) should be the share member of the cooperatives. This is the major help that KISAN has provided. The chairperson of the cooperative, Rajaman Chaudhary Baidhya says "KISAN project has saved the life of cooperative by increasing share member up to 235 from 35".
